Education

Keshav Memorial Institute of Technology

B.Tech - Computer Science CGPA: 8.6

2022 – 2026

Hyderabad

Narayana Junior College

Board of Intermediate Percentage: 98.5

2020 – 2022

Hyderabad

Adarsh Vidyalaya High School

SSC GPA: 10

2019 – 2020

Hyderabad

Technical Skills

Programming Languages: Java, JavaScript

Cloud & Infrastructure: AWS, Docker

Frameworks & Tools: React.js, Node.js, Express.js, Git

Database Systems: MongoDB, MySQL

Computer Science Fundamentals: : DBMS, Operating System , Data Structures, Algorithms, Computer Networks

Projects

Lectures Check | *MERN, BERT LLM* | [Link](#)

- Developed an AI module using BERT LLM to automate validation and analysis of lecture videos and PDFs for Dune State University.
- Implemented automatic transcription and topic extraction from lecture videos using BERT-based NLP models.
- Designed semantic analysis pipeline to match and evaluate consistency between lecture videos and uploaded PDF notes.
- Generated visual reports (graphs and percentages) to highlight topic coverage, content gaps, and alignment.
- Built interactive dashboards for faculty to review lecture quality, content alignment, and actionable feedback.

Balance Your Bucks | *React, Express.js, Node.js, MongoDB* | [Link](#)

- Developed a smart budgeting tool to manage digital spending and avoid impulsive purchases.
- Implemented dynamic budget calculations based on custom user-defined spending ratios.
- Built a dashboard to track transactions and visualize spending patterns.
- Integrated real-time notifications to alert users when budget limits are exceeded.
- Designed the system for compatibility with digital payment apps like Google Pay and PhonePe.

Achievements

- Secured the **2nd** place in Knowledge Aptitude Test (KAT) in twin cities which led to an opportunity to visit **Hong Kong Space museum** in 2019.
- Won a medal as **Most Talented Coordinator** in Street Cause KMIT(Student Run NGO).
- Stood as **runner up** in state level elocution competition.

Certifications

- KMIT MERN LLM Project School: Completed a project titled LecturesCheck, focusing on MERN stack development
[Certificate Link](#)
- CodeNovate Hackathon: Developed Balance Your Bucks, a team-based digital tool for smarter financial spending.
